OUR INITIATIVES

Srotoshwini is a Vadodara city based Trust, registered in 2010, primarily aimed at working towards the development of underprivileged children and women. The Trust is 12AA, 80G and FCRA compliant. There are 3 main initiatives that run under the Trust:

Pathshala Hostel: a residential facility for children where the focus is, all round development of the child including academics, sports, extra curricular activities, vocational training & career counseling. Pathshala classes now run on hostel campus.

Pathbhavan – A Learning and Development Center that runs in the after-school hours and focuses on nurturing the children of Sanjay Nagar Slum area (Vadodara) through academics and extra curricular activities for all round development.

Churni: a creative initiative that vocationally trains the mothers of our children to empower them by providing a steady income by selling the products they make. We have two centers, one in Sama, Vadodara and another in Lasundra, Savli.

”UPLIFTING CHILDREN & EMPOWERING WOMEN”

MESSAGE FROM THE PRESIDENT

The year 2021-2022 has been a year of transition for us. The world is trying to get back on its feet and find its new normal & so are we.

In Pathshala Hostel, the 2 Covid years have almost brought our children's formal education to a stand-still. There has been no remote schooling for them. We've continued their education through our visiting faculty who have since taken on the role of full time teachers.

Again, the silver lining of the experience has been the emergence of Project Based Learning as a learning philosophy in the hostel. We've successfully completed two projects and are on the third one.

We've been so encouraged by the results that we initiated a classroom construction project that will be completed by May 2022.

All our children will attend classes on the hostel campus going forward.

They will continue to take the NIOS board X & XII exams for SSC & HSC certificates.

Pathbhavan senior children have returned to their regular after-school classes this year from 5PM to 9PM. They are engaging in academic classes as well as extracurricular activities and hosting events. The Pathbhavan premises is going through an expansion & very soon will have more room for our children & all their activities.

Churni is hosting regular Facebook live sessions and participating at different exhibitions this year. It has been a challenging year but the ladies have learnt to become more self-reliant with their work.

My hope is for the current year to be one filled with good health & healing for everyone. We are very thankful for the support we continue to receive from all of you.

Sincerely,
Dr. Juin Dutta
President, Srotoshwini Trust

ACADEMICS

Project Based Learning

With the extended school closure due to Covid, our children were being supported by the local teachers from the Lasundra village. Starting in Q4 of 2021, under the able leadership of Ms. Paras Mahendru the teachers and children are being trained to follow a Project Based Learning philosophy. It's a child led learning process where a project involves inquiry, research, group discussions, site visits, model making and other relevant hands-on activities for understanding a topic in breadth and great depth.

We've completed two projects - Animals and Fasal (crop/harvest). The results of the projects have been amazing. The enthusiasm in learning among the children have encouraged us to continue this full time across the board. The current project is on Pollution & Climate Change.

Class X & XII

While our plan is to continue with PBL at all the levels, the children will appear for Class X and XII exams held by the NIOS board. This year 6 of children are appearing for class XII and one for class X exams.

Diploma

Ajay, our eldest child who has been with us from 2013 joined a Diploma course in Mechanical Engineering, KJIT, Savli. He stood first in the first and second semesters. He's also finishing his class XII under NIOS board.

Skill Development Center Achievement

SDC under the able leadership of Kajal Dutta sir showcased a special model this year. Our annual festival Udhm 2022 had a model making competition on the topic of Sustainability. 13 schools in total participated & Pathshala Hostel was adjudged the winning team. It was a great achievement for our children. Not only did they get amazing exposure to the topic with PBL but also Kajal Sir mentored our children to create a wonderful working model.

ACTIVITY CLASSES

We started our activity classes last year - we continue to have biweekly classes for - Pottery, Music, Keyboard, Dance, Graphic design & Quiz. A lot of our pottery products were sold in the Art Cart at Udham 2022. We also had our choir perform at the event. They sang all the songs live on stage. There were multiple dances our children performed to during the event. It was a wonderful culmination of all the creative training received.

CAREER COUNSELING UPDATE: UDAAN

- We completed counseling 48 Pathshala & Pathbhavan children, combined. They were given an overview of career options, went through psychometric testing and were counseled along with their mentors in specific career option areas individually. This has also helped select their primary subjects in 11th and 12th grades
- One immediate improvement we see is, the focus on the future. They have got a glimpse of the possibilities and are taking their studies very seriously.
- There are quarterly checkpoints with the mentors and experts at Career Naksha, the professional Career Counseling services company we've been working with.
- The children are doing well with the choice of subjects they have made.

SPORTS TRAINING

Coached Sports Training has been missing for a long time on campus. This year we are able to train our children on campus and also send them for competitive matches to Baroda Football Academy facilities. We are very thankful to Vishvesh Dunakhe Sir for Karate. A big thank you to Sandeep Desai & all the coaches at BFA for their guidance. Special thank you to Chittaranjan Dey for sponsoring the BFA led initiatives. We also have skateboarding classes for our children on campus. A big thank you to the team at Flo Skateboarding

GREEN INITIATIVES

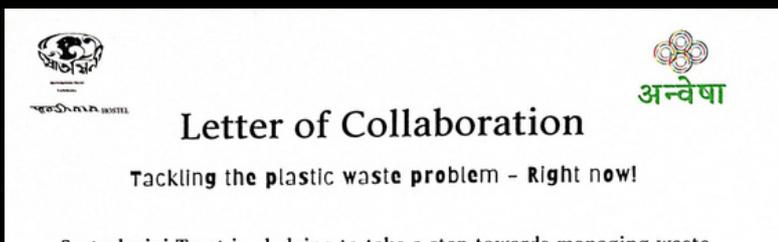

Organic Farming: Our organic farming initiative continued this year. Our children took a project based learning approach on the topic of Fasal. They not only helped grow the crops but also learnt different ways of harvesting, how to keep plants healthy, when to plant what, farmer laws that affect day to day lives, farming tools etc. Our entire team is better informed about farming with this exercise.

No Plastic: The No Plastic initiative started last year continues in full swing this year. We continue to limit the use of plastic. We try to get all our food items in steel or glass containers or paper boxes. This year we signed an MoU with Anweshā Foundation to collaborate with them to reduce our carbon footprint by sending them all our waste plastic that they will upcycle into other products. We've also started the initiative to collect plastic from the Lasundra village and send it to the foundation.

As a major shout-out to the team, we'd like to recognize the low usage of plastic on campus during our Annual Festival, Udham 2022. Special attention was paid to this and less than 1 kg of plastic waste was generated from the event.

ACADEMICS

Academic Classes

Due to the pandemic, we continued to follow the VMC rules for educational institutions in 2021 and continued our learning the best we could ...

Junior students:

The junior children were managed by our senior students teaching English and Hindi words and Maths tables in a rented room within the Sanjay Nagar slum.

Class 8-10:

Systematic remote online classes were held for Gujarati, English, Science and Math by Shruti Madam, Sushmita Madam and Mousumi Madam. When restrictions were lifted, they came to our Pathbhavan center for classes and activities. Classes are held from 5PM to 9PM for our senior children.

Class 10:

Our Class 10 students are enrolled into Bhavani Tuition classes and also attend classes and activities at the Pathbhavan center.

Class X

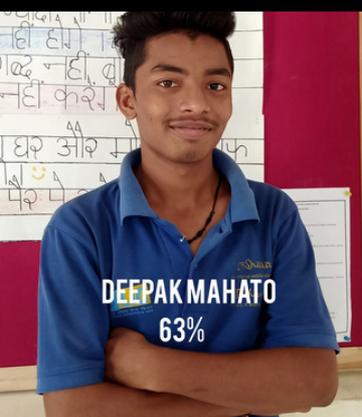

4 of our children - Amit Sonkar, Sejal Sonkar, Deepak Mahato and Shilpi Shah cleared their X in 2021. Amit scored 84% in the SSC exams and was the recipient of the first Ambika Datta Scholarship for securing highest marks in Class X across all Srotoshwini Trust children.

Vocational Training

Kajal, Sanjana, Shilpi, Preeti & Deepa started their internship with Shivnath Children Hospital in their 1 year nursing course. Vidhi, Achal and Radhika are learning stitching and creative work under the guidance of Pathbhavan's supervisor Suman Tiwari.

Diploma

Deepak Mahato & Karishma Rajput secured admission in KGIT, Mechanical Engineering Diploma. Arvind and Rohit continued their diploma courses in MSU and Dashrath ITI respectively.
