Dr Debashish Sengupta and Ms Vandana Sengupta instituted scholarships for children who showed overall development in Pathshala and Pathbhavan. Rani from Pathshala and Deepak from Pathbhavan are selected for Mrs Taposi Sen Memorial scholarship.

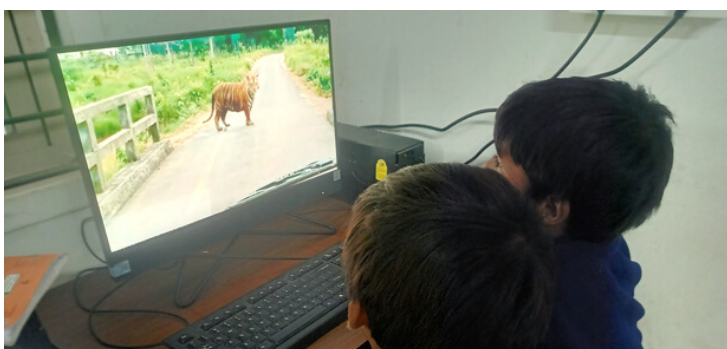

Jyoti, President of our Student Council received MS Lata Desai Scholarship for 22-23, instituted by Mr Bharat Desai for overall development.

Thank you to our well-wishers for instituting these scholarships and encouraging our children.

Project Animal

The current project which children are working on, is on 'Animals'. The children not only learnt about different types of animals and habitats they belong to but about their foodchain, migration pattern, causes of extinction, animal emotions, impact advancement of the human race is having on animals.

The learning and discussions were combined with self-driven research, model making site visits that included the zoo, exhibitions, animal shelters, animal sheds. Each outing was followed by a debrief session to collect our children's unique perspectives that they expressed in a very succinct fashion.
